

Earth Day 2026

Theme: Our Power, Our Planet

Wednesday, April 22, 2026

About Earth Day

Earth Day helps people learn about, care for, and protect our planet. It is about looking after the Earth now and for the future. The first Earth Day was organised on April 22nd, 1970.

What are the main purposes of Earth Day?

- Raising awareness - helping people understand environmental issues.
- Encouraging action - inspire individuals, schools, and communities to take positive actions.
- Protecting nature and wildlife - promote caring for plants, animals, oceans, and natural habitats.
- Support a healthy future - encourage sustainable living.
- Bring people together - Earth Day unites people around the world to care for our home.

How can you take part in Earth Day 2026?

- Recycle and reduce waste.
- Save energy.
- Save water.
- Pick up litter.
- Plant something.
- Learn about the Earth.
- Talk about Earth Day.
- Create artwork that shows ways to care for the planet.
